

IWSAI SCHEDULE

ENEA Research Centre of Frascati, Aula B. Brunelli

Tuesday 4 May, 2010

8,15	Registration		
	<i>Session</i>	<i>Speaker</i>	<i>Title</i>
9,15	<i>Opening</i>	P. Di Lazzaro	Welcome and Introduction
9,30	<i>Keynote lecture</i>	A. Danin	The botany of the Shroud
10,15	<i>Shroud image formation</i>	G. Fanti	A critical compendium of Shroud body image formation hypotheses
10,45	Coffee break and Poster Session		
11,30	<i>Shroud image formation</i>	P. Di Lazzaro	Sub-micrometer coloration depth of linens by deep ultraviolet radiation
12,00	<i>Shroud image formation</i>	M. Antonacci	Particle radiation from the body
12,20	<i>Shroud image formation</i>	G. De Liso	Shroud-like experimental image formation during natural electrostatic discharges
12,40	<i>Shroud image formation</i>	G. Fanti	A scientific comparison between the Turin Shroud and the first handmade whole copy
13,00	Lunch		

Tuesday 4 May, 2010

	<i>Session</i>	<i>Speaker</i>	<i>Title</i>
14,30	<i>Image processing</i>	D. Murra	Sight and brain. An introduction to the visually misleading images
14,50	<i>Image processing</i>	G. Fanti	A quantitative image of the Turin Shroud for details recognition
15,10	<i>Image processing</i>	B. Faccini	New image processing of the Turin Shroud scourge marks
15,30	<i>Image processing</i>	R. Falcinelli	Two unpublished letters of Secondo Pia about the 1898 Shroud photography
15,50	Coffee break		
16,10	<i>Image processing</i>	M. Latendresse	An online web tool for length measurements and web annotated presentation for the Shroud of Turin
16,30	<i>Textile fibres</i>	L.G. Thygesen	Dislocations in plant fibres and in Turin Shroud fibres
16,50	<i>Shroud characteristics</i>	G. Fanti	Scientific observables and inferences applicable to the Shroud of Turin
17,10	<i>Open Forum</i>	All the 4th- May speakers	Round table on the Shroud image characteristics. The “LIST” paper and live experimental observations
18,00	<i>End of the sessions</i>		

Wednesday 5 May, 2010

8,20	Registration		
	<i>Session</i>	<i>Speaker</i>	<i>Title</i>
9,00	<i>Archaeology</i>	D. Fulbright	Implications of Akeldama Shroud Fragments for the Turin Shroud
9,30	<i>History</i>	D. Scavone	On Besançon and other plausible theories for the Shroud during the missing years
10,00	<i>History</i>	A. Piana	The “missing years” of the holy Shroud
10,20	Coffee break and Poster Session		
11,20	<i>History</i>	D. Fulbright	Were sixth-century natural disasters factors in the transfer of relics from Palestine?
11,40	<i>History</i>	D. Scavone	Edessan sources, the Shroud and the legend of the holy grail
12,00	<i>History</i>	A. Piana	An unknown hideaway of the holy Shroud?
12,20	Lunch		

Wednesday 5 May, 2010

	<i>Session</i>	<i>Speaker</i>	<i>Title</i>
14,00	<i>Philosophy</i>	P.H. Wiebe	The promise (and threat) of the Shroud
14,30	<i>Philosophy</i>	K.E. Stevenson	White linen and the blood of sprinkling
14,50	<i>Philosophy</i>	A. Silverman	The brightest light of all
15,10	<i>Iconography</i>	E. Marinelli	The copies of the Shroud
15,30	<i>Iconography</i>	G. Baldacchini	Crux mensuralis of Grottaferrata and Shroud of Turin
15,50	<i>End of the Sessions</i>		
16,15	Boarding the bus to visit the Greek Abbey of Grottaferrata		
18,40	Back to Frascati hotels and to ENEA		

Thursday 6 May, 2010

8,30	Registration		
	<i>Session</i>	<i>Speaker</i>	<i>Title</i>
9,00	<i>Oviedo sudarium</i>	J.L. Fernandez Sanchez	The Sudarium of Oviedo and the Shroud of Turin. A question of authenticity
9,30	<i>Forensic</i>	N. Svensson	Medical and forensic aspects of the Man depicted on the Shroud of Turin
10,00	<i>Forensic</i>	G.R. Lavoie	A medical study of the surface anatomy of the image and a medical forensic evaluation of the blood marks of the Shroud of Turin in relation to image formation
10,20	<i>Acheiropoietos images</i>	G. Fanti	How are the acheiropoietos images produced?
10,50	Coffee break and Poster Session		
11,30	<i>Acheiropoietos images</i>	J.C. Espriella Godinez	Acheiropoietos images: the Tilma of Guadalupe
12,00	<i>Acheiropoietos images</i>	H. Pfeiffer	The concept <i>acheiropoietos</i> , the icons of the likeness of Christ and the Veil of Manoppello
12,20	<i>Manoppello veil</i>	R. Falcinelli	The face of Manoppello and the veil of Veronica: new studies
12,40	<i>Manoppello veil</i>	J.S. Jaworski	Properties of byssal threads and the chemical nature of colors of the Veil of Manoppello
13,00	<i>Manoppello veil</i>	Z. Treppa	The appearance of the changing images on the Veil of Manoppello
13,20	Lunch		

Thursday 6 May, 2010

	<i>Session</i>	<i>Speaker</i>	<i>Title</i>
14,45	<i>Keynote lecture</i>	M. Antonacci	Can contamination be detected on the Shroud to explain its 1988 dating?
15,30	<i>Shroud dating</i>	M. Riani	A robust statistical analysis of the 1988 Turin Shroud radiocarbon dating results
16,00	Coffee break		
16,20	<i>Shroud dating</i>	A.C. Lind	Production of Radiocarbon by Neutron Radiation on Linen
16,40	<i>Shroud dating</i>	L. Campanella	Sensoristic approach to dating of cellulosic materials
17,00	<i>Shroud dating</i>	R. Van Haelst	ANOVA, a robust method to evaluate AMS radiocarbon data
17,20	<i>End of the sessions</i>	P. Di Lazzaro	Closing remarks
17,30	<i>End of the workshop</i>		

POSTER SESSION

Cesaremaria Glori, *Why Jesus did not bring the patibulum but the whole cross.*

Max Patrick Hamon, *Does the Shroud of Turin really bear the image of a man crucified “under Pontius Pilate”?*

Mario Latendresse, *The scientific method and the Shroud of Turin.*

Blandina Paschalis Schlömer, *The Manoppello Veil compared with the Turin Shroud and with other grave cloths of Christ.*

Andreas Resch, *The face on the Shroud and on the Veil of Manoppello.*
